

The Dayton Chapter has once again received the Platinum award. The Dayton chapter is led by a volunteer board of area residents. Each year, the chapter must prove its excellence in serving the business community and members. To assist chapters in achieving excellence in chapter management, APICS offers a recognition program, Chapter Benchmarking and Recognition (CBAR). This defines chapter bench-marks, and sets targets for achieving excellence and recognizes their efforts. For 27 years running, your Dayton chapter has earned this prestigious award.
